

Express yourself with ease

Sleek and compact, the Z558i embodies taste and style. Enjoy the handwriting recognition function, FM radio, Bluetooth™ and camera features made to enhance your lifestyle.

Handwriting recognition

Text messaging made easy. Now, you can write and send text messages effortlessly with its enabled hand writing recognition function in various languages, including Simplified and traditional Chinese, Thai and English*. *Depending on individual market versions.

Capture the good times

Never let a fleeting moment pass you by with the built in 1.3 megapixel camera with a 4x digital zoom for pictures and video recording that magnifies your images by four times.

Tuning in

Listen to your favourite radio stations and get the latest news while you're on the go. Save up to 20 stations to keep yourself entertained. With the RDS (Radio Data Support), the Z558i displays the name of the station you're tuning into for your convenience.

Optional accessories

Stereo Portable Hands free HPM-70

Tune out the noise with these ergonomically correct ear buds that isolate sound, providing the best tone quality to your music. With the 3.5mm plug, you're free to switch headphones at any time to fit the occasion.

Desk Stand CDS-60

Move files between your phone and computer with the Desk Stand supported by an additional charger and USB cable. It powers up your phone and keeps your address book and calendar up to date, definitely your indispensable assistant.

Bluetooth™ Headset HBH-PV705

Small and comfortable, the wireless headset has remarkable talk and standby times. Enjoy long conversations over Bluetooth™ for a more stable connection.
